## OUR COURSES

Aimart is proud to offer a wide range of choices to its students. In addition to the three-year Bachelor degree, the two-year and Master of Advanced Studies courses, during each academic year, Aimart carries out specialization courses held by internationally renowned artists (<http://www.aimart.it/docenti.html>). These courses are open to Italian and foreign students who want to have the chance to meet great maestros and enhance their abilities. The goals and methods are evaluated according to the specific needs of each student.

### **AIMART AND PADEREWSKI ACADEMY**

Aimart harvests strong relations with national and international institutions which offer students a wide range of choices and possibilities for their future. Taking into account the collaboration with the Paderewski academy, Aimart intends to offer students of the Polish school its masterclasses in a facilitated way.

For the 2022/2023 academic year Aimart is happy to offer singing courses with teacher Patrizia Patelmo, piano with teacher Giorgia Alessandra Brustia and harpsichord with teacher Elisabetta Guglielmin. The masterclasses are designed in such a way as to offer students the opportunity to learn through individual lessons, participation in group lessons and concerts. Aimart, through the experience gained over the years, considers this learning method the most effective from both an educational and artistic point of view because it allows students to step into the real world by creating connections and contacts with active artists.

The masterclasses last from September to June and are scheduled monthly - Friday to Monday - for a total of 10 sessions. Each session offers a minimum of 3 hours of individual lessons and gives free access to all group workshops organized during the meeting. Furthermore, during the academic year, all students will have the opportunity to take part in public events organized by Aimart in collaboration with its partners.

The price for each session is EUR 200.
